BRONZE (£30 per year) includes:

- a name & number listing (without a link) on the BUSINESSES & SEARCH RESULTS pages.

FAQs

Q. I already have my own website so why should I advertise on yours?

A. Think of our website as a sort of online Yellow Pages plus more!
People visit our website for information and other items of interest including our searchable Business Directory and What's On Guide. We are adding to the site all the time.

Q. How do people find your website?

A. If you do a search for the word 'hythe' in Google, Bing or Yahoo, we usually appear on the FRONT page of search results!
People also find us by 'guessing' at a name for a local website.

Q. What will it cost me?

A. We charge £60 per year for a listing with link to your own website. Other options as above.
If you don't have a website, we can construct and host a simple page showing your details along with your logo and a photo. This we do for FREE!

Q. Is there a budget option?

A. Yes. For £30 per year, you can have a name & number only listing. Please note this option does NOT include a link to your website but is ideal to ensure you appear in the Business Guide.

Q. How do I join?

A. Simply visit our website, select 'advertise' from the menu, click 'join us', fill-in and submit the form!
